Parent Term One Planner

Supporting Seniors Flyer

Dear Parents & Carers,

Connect.

Connect is up and running now in all classrooms. We believe that all parents have their "P Number" which allows them to access their children's classroom pages. Teachers have been posting notices and are using the platform as an important communication tool. If you haven't accessed the system yet, we urge you log on to see the important information contained on the classroom pages. Downloading the Connect App is a convenient way to receive notifications on your phone.

Running Club

Running Club will be starting up again this year in week 9 of this term. Due to the Numero Club running on a Tuesday morning next term, this year Running Club will take place on Mondays. More information will be forwarded soon but parents may like to have the conversation with their children in the lead-up to the start date. We want to have as many students as possible in the club this year and we also encourage parents to join in as well.

Room 8 and 9 Assembly

Well done to the students of Rooms 8 and 9 for their entertaining assembly last Friday. The students took us back in time to the 1930s with a mime to the music "The Entertainer". We were also treated to a presentation from Lizzy on her attendance to the Plastics Summit in Canberra. Lizzy was one of just 20 children nationwide selected to represent their state at the summit. Lizzy has a strong passion for environmental protection and her selection for this event is an amazing achievement.

Corona Virus

We would like to reassure parents that all WA school are receiving regular updates from the Health Department regarding Corona Virus. The Department of Education and individual schools are not permitted to deviate from the instructions given by the Chief Medical Officer and the Department of Health. The latest information can be accessed via this link <https://www.healthywa.wa.gov.au/coronavirus>

All teachers are reinforcing the hand hygiene message and we are continuing to ensure that all children have access to liquid soap and hand sanitizer during the day,

Kindy Mingle

On Friday 3rd April, we are holding a "Kindy Mingle" afternoon with the students and parents from our Kindy as well as those from the Mullaloo Community Kindy. Many of the children from the community kindergarten will be joining us next year and this will be a great opportunity for them to meet our community, teaching staff and fellow students. It will also be an opportunity for them to see our wonderful facilities and learning environment. We hope to see as many of our Kindy families there as possible.

Mike Black

PRINCIPAL

Year 5/6 Room 08 Wes, Kai, Alysse	Year 6 Room 09 Taj, Lani, Luke	Canteen Good manners Olivia Year 5

CLEAN UP AUSTRALIA SCHOOL CLEAN UP DAY

On Thursday, March 19th, MBPS has rescheduled *Clean Up Australia*. Every class, from Years 1-6, will clean up a section of the school or surrounding bushland, with Rooms 8 and 9 cleaning a section of the beachfront. This is a hands-on opportunity for students to appreciate the extent of the litter problem and to be actively involved in citizenship.

Students will start the clean-up at 1pm and parents are very welcome to come and help. Parents should report to their child's classroom if they are able to attend.

Please send your child with some cheap gardening gloves and sunscreen if possible and we hope to see you there.

Thank you for your continued support.

Mullaloo Beach PS "Garden Greenies"

We have been looking after the garden since the start of the term and there has been a lot going on. There are five different garden beds, all with different plants.

Firstly, in the first bed there have been two rockmelons and one honey dew melon. In the other beds, there is some beetroot and some delicious cherry ripe tomatoes. We've also been growing some wheat as well. Luke and I check the garden every Tuesday and Thursday so there will always be some vegetables and fruit to share with the teachers and students. Wish us luck, bye!

Our flourishing vegetable beds, blooming with life!

Library News

To assist our students with a passion to develop reading from an early age we have put together some fun reading packs.

These packs are available to borrow from our school library to take home and enjoy with your children. If you would like to borrow the packs, the library will be open on Tuesdays after school from 3pm to 3:30pm.

Cyberbullying

Understand the risks and how to support your child if they are being bullied online

Cyberbullying

A guide to online bullying for parents and carers.

Online bullying can have a devastating impact on young people, whose online life is a key part of their identity and how they interact socially.

Cyberbullying behaviour takes many forms, such as sending abusive messages, hurtful images or videos, nasty online gossip, excluding or humiliating others, or creating fake accounts in someone's name to trick or humiliate them.

Targeted advice is also available for kids, young people or adults who may be experiencing online abuse.
